PROFILE

"Multimedia student specializing in 3D development, game design, and interactive storytelling. Combining technical versatility with a creative mindset, I enjoy turning unconventional ideas into engaging digital experiences. Adaptable, outspoken, and always up for a challenge, I thrive in environments where creativity meets problem-solving."

WORK EXPERIENCE

FabLab Crew Member Oct 2026 - Present

KdG FabLab | Antwerp, Belgium

- Assisted with creative workshops and hands-on activities involving digital fabrication and design.
- Supported visitors with equipment, materials, and practical technical questions.
- Helped prepare workshop materials and maintain an organized, safe working environment.

Social Media Coordinator Nov 2025 - Apr 2026

Student Union of KdG | Antwerp, Belgium

- Planned and produced weekly content for the Student Union's Instagram, including posts, stories, and reels.
- Created promotional graphics, edited short-form videos, and photographed campus events.
- Coordinated event coverage and developed engaging content for an international student audience.

English - Turkish Game Translator Jun 2022 - Sep 2024

Anonymous Translation | Turkey (Remote)

- Localized video game dialogue, narrative content, and in-game text from English into Turkish.
- Contributed to localization projects involving titles such as Starfield, Alan Wake, and Avatar: Frontiers of Pandora.
- Adapted culturally specific language while preserving narrative tone, context, and player immersion.

EDUCATION

Multimedia & Creative Technologies (BA) Sep 2024 - Present

Karel de Grote University of Applied Sciences

Bachelor of Philosophy Oct 2022 - Jun 2025

KU Leuven
