MY PORTFOLIO

SOFTWARES

Blender · Unity · Photoshop · Illustrator · Premiere Pro · Procreate · After Effects · Audocity

SKILLS

3D Art

- Prop & environment modelling
- UV mapping and texturing
- Lighting and composition
- Environmental storytelling

Game Design

- Gameplay and puzzle design
- Level and narrative design
- Game Design Documentation

2D Asset Creation

- Vector illustration and graphic asset design
- Image editing, compositing and texture creation

EDUCATION & TRAINING

2024–2027, expected

Multimedia & Creative Technologies
Bachelor's Degree, in-progress
Karel de Grote University of Applied Sciences (KdG)

April 2026

Game Design (ELVTR)
Instructor: Gavin Yeo

- Certificate of Completion - Exceptional Performance
- Instructor letter of recommendation

Course project: Paranoia

LANGUAGES

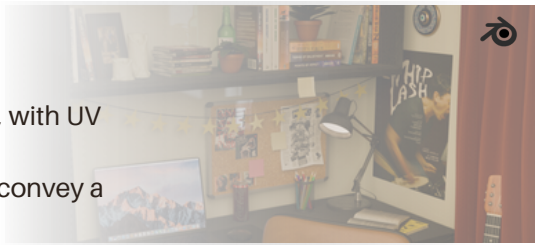

- Turkish (Native)
- English (Fluent)

3rd-year multimedia student focused on **3D prop & asset creation** and **narrative-led game design**. Seeking a 3-month internship in 3D art, game design, or creative game development, starting **February 2027**.

SELECTED PROJECTS

College Student Bedroom

3D Environment & Prop Art | ~5 months

• Modelled furniture and everyday props, with UV mapping, materials and cloth simulation.
• Created lighting and Cycles renders to convey a lived-in atmosphere.

Wingardium Leviosa — LEGO Harry Potter

Real-time Cinematics & Animation | 4 weeks

• Assembled a classroom from Mecabricks assets and created custom character textures.
• Animated four characters in a 13-second cinematic using Timeline & Cinemachine.

Paranoia

Game Design & Unity Prototyping | 14 weeks

• Built a horror prototype with dialogue choices, interactions and a breathing mini-game.
• Developed a 37-page GDD covering gameplay systems, level design and branching narrative.

Anıtkabir: The Revival

Game Design & 3D Development | 12 weeks

• Modelled and implemented three historical environments.
• Developed inventory, dialogue and puzzle systems leading to two possible endings.

WORK EXPERIENCE

Oct 2026–Present

FabLab Crew Member | KdG FabLab

Support creative workshops, digital fabrication activities, and visitors with practical technical questions.

Nov 2025–Apr 2026

Social Media Coordinator | KdG Student Union

Created promotional graphics and short-form videos, and photographed campus events.

Jun 2022–Sep 2024

English–Turkish Game Translator | Anonymous Translation

Adapted dialogue and in-game text while preserving narrative tone, context, and cultural meaning.
